

## Business Applications Engineer

📍 Location: Geneva | Start date: Immediate | Activity rate: 100%

### About BCP

---

Established in 1963 as a Swiss Bank, BCP segments its activities into two well-established core businesses: Commodity Trade Finance and Wealth Management. These are reinforced by our expert Treasury services. BCP enjoys a solid reputation as a high-quality service provider in all of its Banking fields. Founded under Swiss Banking Law and Regulations, BCP is supervised by FINMA, the Swiss financial markets supervisory authority. Headquartered in Geneva, BCP also operates a branch in Luxembourg and a representative office in Dubai DIFC. More information can be found at <https://www.bcp.bank/en>

### About the role

---

As a Business Applications Engineer, you will play a pivotal role in developing, maintaining, and optimizing BCP's in-house business applications. You will collaborate closely with stakeholders to ensure that the business application landscape effectively supports our banking operations.

### Key responsibilities

---

- ▶ Maintain and develop in-house business applications.
- ▶ Analyse business requirements, design, develop, and implement new features.
- ▶ Use, develop and maintain a full DevOps environment to ensure seamless application lifecycle management.
- ▶ Ensure operational and production monitoring of developed applications.
- ▶ Develop automated application control tools for enhanced efficiency.
- ▶ Implement and maintain interfaces between banking applications.
- ▶ Develop BI reports and applications to support business intelligence needs.
- ▶ Maintain and update related documentation and procedures.

### Your profile

---

- ▶ Bachelor's or Master's degree (HES/EPF) in Computer Science or equivalent.
- ▶ At least 4 years of experience in business application development.
- ▶ Expertise in relational databases (Oracle, SQL Server) and complex queries (SQL, PL/SQL, data modeling).
- ▶ Proficiency in Full Stack Development: Java, Spring Boot, Angular.
- ▶ Agile Methodology experience (Scrum, Kanban) is required.
- ▶ Knowledge of BI tools (SAP Business Objects, QlikSense) is an asset.
- ▶ Solid experience with DevOps & CI/CD technologies (example: GitLab, Docker, Kubernetes, Sonar, Nexus).
- ▶ Strong analytical and problem-solving skills.
- ▶ Ability to manage projects independently.
- ▶ Fluency in French and a good level of English.
- ▶ Professional experience in Trade Finance and Banking is highly desirable.

### What we offer

---

- 🌟 A dynamic and multicultural work environment.
- 🌟 An inclusive culture where empowerment and creativity are encouraged.
- 🌟 A competitive compensation package.
- 🌟 Work from home (one day per week).

#### **Application process**

Please submit your complete application file, including your **cover letter, CV, work certificates, and diplomas**.

#### **Response timeframe**

If you do not receive a response from us within **three weeks**, please consider that your application was not selected for this position. We appreciate your understanding.
