

Network & Telecom Engineer

📍 Location: Geneva | Start date: Immediate | Activity rate: 100%

About BCP

Established in 1963 as a Swiss Bank, BCP segments its activities into two well-established core businesses: Commodity Trade Finance and Wealth Management. These are reinforced by our expert Treasury services. BCP enjoys a solid reputation as a high-quality service provider in all of its Banking fields. Founded under Swiss Banking Law and Regulations, BCP is supervised by FINMA, the Swiss financial markets supervisory authority. Headquartered in Geneva, BCP also operates a branch in Luxembourg and a representative office in Dubai DIFC. More information can be found at <https://www.bcp.bank/en>

About the role

We are seeking an experienced *Network & Telecom Engineer* to strengthen our team. In this role you will contribute in the design, implementation, maintenance and optimization of our network and telecommunications infrastructure, ensuring seamless connectivity, and supporting telecommunication systems across the Head Office, its branches and data centers.

Key responsibilities

In collaboration with the Head of Network & Telecom, your main responsibilities are to:

- ▶ Ensure the implementation, proper functioning, maintenance and support of the network, telephony and videoconferencing systems.
- ▶ Monitor network performance, troubleshooting technical issues and ensure security protocols are followed to protect sensitive financial data.
- ▶ Implement, support, maintain and monitor firewall infrastructure.
- ▶ Handle daily events and problems which may occur in the network, telecoms and security and provide first and second level support.

Your profile

- ▶ Degree in Computer Science or equivalent.
- ▶ At least 10 years of relevant experience in a similar role, ideally within a banking environment in Switzerland.
- ▶ Relevant experience and expertise in:
 - Cisco data centre network infrastructure and Cisco Wireless
 - Cisco Unified Communications and Collaboration
 - Cisco ISE, Firewalls, VPNs, SD-WAN and Intrusion Protection Systems
 - Load balancer BIG IP (LTM, APM and AWAFF)
 - Web security proxy and content filtering.
- ▶ Strong understanding of IT security principles.
- ▶ Recognized Cisco + Network/Security/Telecom certifications required.
- ▶ Problem-solving mindset with the ability to handle complex situation and make critical decisions.
- ▶ Flexible, polyvalent, with ability to deal with variable workload.
- ▶ Team player and ability to work with autonomy.
- ▶ Strong communication and interpersonal skills.
- ▶ Available to work occasionally outside normal business hours.
- ▶ Fluent in French and English, both written and spoken.
- ▶ **Resident in Switzerland.**

What we offer

- ✦ A dynamic and multicultural work environment.
- ✦ An inclusive culture where empowerment and creativity are encouraged.
- ✦ A competitive compensation package.
- ✦ Work from home (one day per week).

✉ Application process

Please submit your complete application file, including your **cover letter, CV, work certificates, and diplomas**.

📅 Response timeframe

If you do not receive a response from us within **three weeks**, please consider that your application was not selected for this position. We appreciate your understanding.
